Questions 35–40

Read the passage below carefully and then answer the questions that follow.

Patrick is ten years old and has a hobby. He likes to observe the weather. He became interested when the teacher at his primary school in Mahdia taught him about the different weather instruments. Patrick imagines himself as a meteorologist. He wants to become a meteorologist when he grows up. He made
5 his own weather station in his backyard.

Patrick spent most of his weekends making different weather instruments. He used a plastic bottle to make a rain gauge. The wind vane was made from pieces of bamboo and stiff plastic from an old red bucket. To make the anemometer,
10 he used four old plastic cups and a piece of hardwood to anchor it in the soil. The thermometer was made from a glass bottle, rubbing alcohol, food colouring, straw and play dough. His cousin helped him to make it.

Patrick has yet to figure out how to make a barometer and a Campbell-Stokes sunshine recorder. He spends all his time trying to predict the weather and recording his findings on a clipboard. Sometimes he is right and sometimes he
15 is wrong.

35. What does Patrick want to be when he grows up?

- (A) Teacher
- (B) Meteorologist
- (C) Weather announcer
- (D) Manager of a weather station
